

Bubble Songs

Children may learn the following songs by acting out the word and then singing the songs during bubble blowing and experiments.

Super Bubbles (Sung to the tune of “Oh My Darling, Clementine”)

Super bubble, super bubble,
Watch me blow it in the air,
Wind is blowing, bubble’s floating,
Whoops it burst, right over there!

Bubble-Making Song (Sung to the tune of “The Grand Old Duke of York”)

I take my bubble wand
And dip it in my soap,
Wind is blowing, bubbles growing,
And now away it floats.
First it floats up high,
Then it floats down low,
Finally that old bubble bursts!
I wonder where it goes.

Application:

Ask the children to share their new songs with friends and family members.
